Accountancy

Official Program Checksheet

Why Choose an Accountancy Minor?

The Accountancy Minor complements major fields of study in other departments and enhances a students' major and career goals with a specialization in accounting. In addition, it allows students to choose a concentration in a particular area of accounting such as financial, managerial, or tax.

The Accounting Minor consists of six courses, or 18 credit hours. Four of the six courses are required, and provide students with the accounting basics essential to all areas of accounting. The two electives can then be tailored to the particular interests of the student.

Admission Requirements

Any current Ferris State University undergraduate student who is in good academic standing may enroll in this minor. The minor is not available for Accountancy majors.

Graduation Requirements

A Ferris student will receive the Accountancy Minor upon graduation with a Baccalaureate degree, and after completion of the requirements for the minor with a minimum 2.0 grade point average in Accountancy Minor courses.

Note: No more than 50% of the credits in this minor may be transferred from another institution. A maximum of one third of the credits, but not more than 7 credits in a minor, may overlap with the student's major.
