

## Cell and Molecular Biology Minor • *Minor*

### Why Choose the Cell and Molecular Biology Minor?

This minor is designed for students who desire to expand their understanding of biology in the rapidly developing field of cell and molecular biology. It is also suitable for students who have completed substantial courses in a pre-professional degree, but who have not yet been accepted into their chosen professional school. Cell and Molecular Biology is also suitable for students who may choose to pursue a bachelor's degree in chemistry, especially one with an emphasis in biochemistry.

### Admission Requirements

This Cell and Molecular Biology minor is open to any student admitted to Ferris State and pursuing a baccalaureate degree.

### Graduation Requirements

An academic minor may only be awarded upon completion of a baccalaureate degree at Ferris State. Students must have at least a 'C' grade in all BIOL courses. This minor requires a minimum of 21 credits.

Also, 50 percent of the credits for a minor must be taught by Ferris State University.
