

Fleet Management Certificate • Certificate

Why Choose the Fleet Management Certificate?

If you pursue the nation's only Fleet Management Certificate, you will be exposed to current theory and practice in the management of people, processes, and equipment.

This certificate is designed to enhance the knowledge and marketability of students with majors in areas such as automotive, heavy equipment, construction, as well as technology, business, and communications.

Employees in this field manage fleets of vehicles or equipment for corporations (covering a wide range of manufacturing, construction, and service organizations), governments (whether local, state, and federal), or public service entities (law enforcement, educational institutions, utilities, etc.).

Admission Requirements

Any person who is admitted to the university is welcome to pursue this certificate. You must present evidence of graduation from high school with a 2.35 grade point average.

Graduation Requirements

A Ferris student will receive this certificate after completion of the requirements for this certificate with a minimum 2.0 grade point average in the certificate courses.

No more than 50% of the credits required for this certificate may be transferred from another institution, nor will this certificate be granted if more than six of the certificate credits are specifically required in the students major.
