

# Homeland Security: Digital Security and Forensics Certificate • Certificate

## Why Choose the Homeland Security: Digital Security and Forensics Certificate?

Responding to industry trends, the Homeland Security: Digital Security and Forensics Certificate is a cooperative venture of the College of Business and the College of Education Criminal Justice Program. This certificate was created to increase the options available for Ferris State University students seeking to supplement their education in the field of homeland security. By supplementing their education with the Homeland Security: Digital Security and Forensics Certificate, it is believed that Ferris State University students majoring in all areas will increase their employment opportunities. The certificate consists of four security sources (one in information security, two in digital forensics, and one in fraud examination). The courses are designed specifically to make the student a more thorough investigator in cyber crime scenes.

This program is offered at other Ferris State sites such as Traverse City.

## Admission Requirements

The Homeland Security: Digital Security and Forensics Certificate is open to any student admitted to Ferris State University or the University for Extended Learning.

## Graduation Requirements

You will receive the Homeland Security: Digital Security and Forensics Certificate after completion of the required twelve credits with a minimum 2.0 grade point.

No more than 50% of the credits in this certificate may be transferred from another institution, nor, will this certificate be granted if more than 50% of the certificate credits are specifically required in the student's major.
