

# Business Administration//Information Security and Networking Management Concentration • Master of Business Administration

## Why Choose the Master of Business Administration with Information Security and Networking Management?

The 39-48 semester hour MBA is intended for individuals who are interested in acquiring the management skills required to meet the competitive challenges facing today's organizations. The MBA is founded on the Malcolm Baldrige National Quality Award criteria for excellence and performance-metric-based management principles. Though relatively new, performance-metric-based management is already a widely adopted, systems-approach to managing and leading organizations.

The curricula consists of three courses focusing on foundation knowledge (may be waived based upon demonstrated competency), a professional skills course, seven courses addressing core knowledge, four courses with a Security and Networking concentration, and an integrating capstone project.

MBA courses are offered in a 7-week Internet format. Working individuals taking just one course every seven weeks can complete degree requirements in about two years. Full time students may complete degree requirements in as few as 16 months.

## Invest in your Future

This state-of-the-art MBA is designed for professionals interested in acquiring the management tools and skills needed to be successful in the world's leading organizations.

The Information Security & Networking Management concentration is designed to create business leaders with both theoretical and practical experience in designing and protecting local area networking systems, incorporating principles of information security, incident detection, and computer forensics (ranging from the servers to personal digital assistants).

## Admission Requirements

A bachelor's degree from a regionally accredited university with a 3.0 GPA or better required in the last 60 credits.

GMAT score of 500 or higher, OR GRE score of in the upper 50th percentile. (GMAT/GRE requirement may be waived if applicant has completed another Master's Degree or at the discretion of the review committee)

TOEFL of 500 or greater for international students.

## Graduation Requirements

The MBA is awarded to those individuals who have completed the 39 -48 hour requirement with a minimum accumulative GPA of 3.0 or greater and no course less than 2.0.

## Required Courses

## Credit Hours

Foundation (may waive for demonstrated competencies)	
Courses Re-	
quired:
