

Finance

Program Requirements

Finance, Minor Program Checksheet

Includes:

- Minor Courses and Elective Courses
- Admission and Transfer Requirements
- Graduation Requirements

Why Choose a Finance Minor?

This minor will prepare students for careers in financial institutions and business. Many students with other business majors are strongly encouraged to take additional courses in finance to prepare them for either finance related jobs or to strengthen their training and expertise in accounting, marketing, management, or computer information systems. By combining one of these majors with a minor in finance, the student is prepared for a greater number of career opportunities and greater flexibility. The designation of a Finance Minor provides such students with additional evidence of subject matter expertise.
